

➤ Z Type Manual Torque Multiplier

- Ideal for nut dimension application in confined space, light weight and easy handling;
- Planetary gear train multipliers torque output;
- Reaction foot can adjust to replace all types of impact sockets in 360° degrees;
- Applicable to a variety of large diameter bolt nut;
- Customized orders are welcomed according to individual requirements.

Model	Max. Torque (Nm)	Nut A/F Size	Bolt Diameter	Ratio	Input Square	Output Square	Weight (kg)
