

Product Datasheet

Monkey Fist – 12mm Polyrope with 1m Plain Tail

Item Code: MF01

Product Description

The Monkey Fist (MF01) is a rugged and ROV-friendly subsea handling aid designed for deployment, retrieval, and positioning tasks. Constructed from high-quality 12mm polypropylene rope and featuring a weighted monkey fist knot, it provides secure gripping for ROV manipulators and divers. The 1-meter plain tail enables easy lashing to equipment or lines.

Available in white and orange for enhanced underwater visibility.

Key Features

- Rope Diameter: 12mm
- Tail Length: 1 metre (plain)
- Material: Braided polypropylene
- Weighted Knot: Ensures secure grip underwater
- Buoyancy: Slightly buoyant for controlled deployment
- Colours: White and Orange
- Designed For: ROVs, divers, and manual subsea handling

Applications

- Subsea deployment and retrieval (ROVs or divers)
- Positioning aids for tools, slings, or lifting points
- Offshore rigging and marker lines
- Diver and topside handling support

Parameter	Specification
Item Code	MF01
Rope Diameter	12 mm
Tail Length	1 metre (plain tail)
Knot Type	Weighted Monkey Fist
Material	Polypropylene (braided)
Colours	White or Orange
Buoyancy	Slightly buoyant
Resistance	Saltwater, UV, mild chemicals
Temperature Range	-20°C to +60°C
